### **Together... at the Olive Picking events in Athens and Thessaloniki**

On **Sunday, December 3, 2017**, volunteer environmental events were organised in Athens and Thessaloniki.

In **Athens**, the Olive Picking event took place, for the seventh consecutive year, in the Olive Grove of the Kessariani Aesthetic Forest, in collaboration with **Philodassiki Enossi Athinon**. Volunteers from the Bank, together with members of their families, picked olives, while the Volunteers' children took part in an educational game about the olive tree, under the guidance of educators.

In **Thessaloniki**, the Olive Picking was held at the premises of the **American Farm School**, where the Bank Volunteers were informed about the olive pressing process at the Krinos Olive Centre and enjoyed an olive oil tasting event. During the same time, their children attended an experiential educational programme.

The olive oil produced from the harvested olives is presented as a donation to charitable Foundations for the Christmas and New Year holiday season.
